Wolverines Ready For Homecoming Here October 15

It took the Tahoe Truckee Wolverines all of the first half in their game with Corning Friday night to get on to the single wing formation, but during the second half the Wolverines held their own and the game ended 40 to 12 for Corning. The score at half time was 27 to 0.

Ron Smith, Wolverine halfback scored both of the Tahoe Truckee touchdowns, the first on a 30-yard run and the second on a one-yard plunge.

The locals missed the services of Ron Walker who was out with an injured knee and Bill Rosamond and Dave Kennerson ,wo other valuable backfield men, are now out with injuries, leaving Coach John Prida with a problem for the contest at Colusa Friday.

It is hoped that all will be back in condition for the homecoming game against Lincoln here on October 15.

Selected as the lineman of the week was Mike Keechler, a junior tackle, while Mark Gowan, a substitute for Walker and a senior was chosen back of the week.

Prida said the team played their best offensive game of the year at Corning, gaining 200 yards on the ground, but that fumbles and penalties set them back during the first half.

George Franceschini and Mike Davis will quarterback the Colusa game. Both are sophomores.

In the JV game at Corning, the Wolverines lost 20 to 0 in a preliminary game.

Ledford Tells Of Local CHP Growth

CRYSTAL BAY — Speaking before a joint meeting of the Tahoe City and North Lake Tahoe Rotary Clubs Monday evening at Crystal Bay Club, Lieutenant Oliver Ledford of the Truckee squad of the state highway patrol, gave a resume of the development of the patrol in this area.

He traced the history of the patrol and its activities from 1930 when it first came into being as a patrol area under the direction of the late Captain Charles LaPorte and under the department of public works. In 1931, the patrol became a unit of the department of finance and shortly thereafter was a division of the department of motor vehicles.

The Truckee area in 1941 was taken from the Nevada City headquarters and placed in the Placer area. There were no patrolmen here at that time, but a short time later the office was opened and currently there are 19 uniformed officers stationed here.

A new $300,000 office to replace the present structure, occupied for the past ten years, is being con structed.

Only One Dog Is Found Unlicensed In Local Roundup

It was a rather long, futile trip that Ken Norton, Nevada County dog catcher, had Monday when he made the promised campaign to eliminate unlicensed and unwanted dogs in the Truckee-Donner community.

The sum total of the campaign resulted in the apprehension of one big, friendly pooch which offered no resistance when he was located sitting in Church Street near the old elementary school, apparently waiting for his young master to get out of class.

Otherwise the coast was clear. Norton, accompanied by Ray Craig, local liaison officer, drove over the entire area from Donner Lake to Floriston, checked scores of dogs but with the one exception, found all legal.

Norton said he would continue to make periodical trips to this end of the county to provide enforcement of the county ordinance. He pointed out that unwanted dogs

She was among 38,000 students in the United States who scored in the upper two percent of those who will graduate from high school in 1967. The commended students rank just below the 14,000 semi-finalists announced earlier this month by the National Merit Scholarship Corporation (NMSC).

Two Are Killed In Headon Crash On Brockway Route

Two people were killed and two others injured in a headon crash between two vehicles near the summit on the Brockway shortcut Monday about 5:30 p.m.

Dead are Mr. and Mrs. Mark Ford Fisher, of Fallon, Nevada who were driving north when their car collided with one driven by Hal Owen Cusick, 17, Reno. The California Highway Patrol reported that the Fisher car apparently swerved onto the wrong lane. Both vehicles were demolished.

Cusick and his passenger, Robert Russell Byington, 16, also of Reno, were seriously injured and both were taken to Tahoe Forest Hospital, Byington later being transferred to Reno for intensive care.

The bodies of Fisher, 71, and his wife, about 65, were taken to the Truckee Colonial Mortuary pending word from relatives.

Three Fires Are Reported In Week

Care on the part of hunters and alertness by the patrolmen and lookouts of the U. S. Forest Service prevented any major fire during the past week, the Truckee Ranger Station reported.

Although the weekend passed uneventfully, the helicopter and suppression crew from the Truckee Station were called out at 1 p.m. Monday when a quarter of an acre of dry grass and brush was burned over along an old road west of Boca reservoir. Fortunately there was no wind and the fire was quickly controlled.

The Truckee Volunteer Fire Department was called out Sunday at 7:30 p.m. when a trash fire at the Alexander home in the east section of town threatened to get out of control.

An incipient fire which was discovered by Doug Mosley, pilot of the local helicopter, was brought under control west of Watson Lake yesterday morning after it had apparently been burning since the weekend.

The fire covered about a quarter of an acre, according to the forest service, before the suppression crew arrived on the scene to bring it under control. The fire was on Fibreboard Company land, the forest service said and was apparently started by a careless hunter smoking in the area.

DISTRICT SEEKING ADDITIONAL WATER

The state water rights board announced it has received an application from the Truckee Public Utility District for .25 cubic foot of water per second from unnamed tributaries to Trout Creek and the Truckee river, to be used for municipal purposes.

Francis Longo, manager of the district, said the stream would provide supplemental water for the McGlashan spring and provide an increased supply for the Donner Trail area.

Negotiations are being made with J. Hofert, on whose land the spring supplying the water is located. The amount requested is only a small part of the flow, Longo said.

Petitions Approved For Incorporation By County Official

A telephoned message from the office of Nevada County Assessor Charles Kitts late yesterday advised Ray Craig, liaison officer at the County Government Building, that the petitions asking for an election on incorporation of the Truckee-Donner community are in order and will be presented to the board of supervisors at Tuesday's meeting.

The assessor said that the petitions contained signatures of 26 per cent of the property owners representing 25.1 per cent of the assessed valuation. Twenty-five percent of both is required.

Hodder Replies To Tahoe Suggestion

Fred Hodder, Nevada County representative on the Bi-State Study Committee, ,this week expressed concern over a recent inappropriate recommendation by the Tahoe Regional Planning Committee to exclude Nevada County from the bi-state group.

The bi-state committee is presently preparing a report containing recommendations for a two-state regional government for the area.

In clarifying his use of the word "inappropriate", in describing the TRPC recommendation, Hodder pointed out that at the last Bi-State Committee meeting, the group unanimously voted to include a portion of Nevada County, specifically the Truckee-Donner area in the proposed government. TRPC was asked to review and make a recommendation on the exact boundaries of the area within Nevada County to be included. That area, as recommended by Hodder, is the boundaries of the Truckee Public Utility District.

Chairman Richard Graves of the Bi-State Committee said that generally this is the area that would be included, "unless reasons are advanced by TRPC otherwise." Thus, Hodder said, TRPC's recommendation would have been to approve these boundaries or suggest modifications.

Rather TRPC, in their recommendation seemed to be attempting to overrule the unanimous vote of the Bi-State Committee by recommending exclusion of Nevada County, Hodder declared.

Hodder stated that there was no reason for his committee to reconfirm its unanimous decision which was based on extensive investigation. Hodder therefore concluded that the regional planning committee will contribute little to the bi-state committee's efforts in designing an effective regional form of new government for the Tahoe area..

Leake Raps High Court In Address Before Rotarians

TAHOE CITY — "Why it is that crime business is thriving?"

This was the topic of an interesting talk given before the Tahoe City Rotary Club last week by Paul Leake, member of state board of equalization and candidate for re-election from this district at the November 8 general election.

"One of the reasons it is booming is because so many dangerous criminals and hoodlums even if caught, get off on superficial technicalities," Leake told the audience. "The higher courts are inadvertently piling up rules to protect the wrongdoer."

Leake said that according to the F.B.I., major crime rate has had a 58 per cent growth in the past seven years and the cost of crime is nearly $30 million a year — more than all together will be spent for medicare.

"Why are so many criminals on the loose?" Leake asked. "The public is partly at fault," he answered, "and nowhere do we stress the people's duty toward the police. The average person fails to report crimes because he'll be involved. Our law enforcement agencies do not have sufficient manpower, and that is the public's responsibility too."

Due to the upper court exacting requirements on arrest and prosecution procedures, crime is spread-

Boy Recovers $110 Lost By Woman On Highway Here

Too often many adults brand youngsters as delinquents and it is refreshing to report stories which prove that they are often actually more honest than their elders.

One occasion of this kind came to light this week when Bob Richards, a Truckee elementary student and son of Mr. and Mrs. Milo A. Richards of Hobart Mills, found a purse along the highway near the school containing, among other things, $110 in cash.

LAKE ECHOES

BY BETHEL

"The Flight of the Bumble Bee" could be the theme song for the area this week — what with summer residents and resort owners returning to their various winter occupations.

George and Iris Alario and Joe and Lee Aversente have returned to San Jose after operating a coffee shop at Tahoe Vista this yast summer.

Edouard and Katie Robert's and children of Kings Beach are back to Petaluma, jobs and school, for the winter.

J. C. Jordan and Jimmy Hume remind us that this is the last month for them to remain open at the North Shore Club.

* * *

Enjoying dinner at the Nugget Wednesday were Virginia Neville of Incline Village, Betty Scoglund, Helen Pitts and Bethel Van Tassel of Reno. Helen was the former Helen Thornton, a Truckee resident until she was widowed, remarried and moved to Reno.

* * *

Happy birthday to Jan Van Tassel of Walnut Creek, former Kings Beach resident who observed his natal day, September 30th. October 3rd is day of celebration for Barbara Kammerer Donley now of Sparks who was a longtime Tahoe resident. October 1st was celebrated by Sherman Dodge of Kings Beach as his special day.

* * *

Carl and Marilyn Shaff of Incline Village had a double birthday party for sons, Mark, who was eight, and son Carl, who was four, both birthdays on September 21st. A family dinner with grandparents, Ben and Nora Ferrari and children, Theresa, David and Mary, and great-grandmother, Mary Gardella, of Kings Beach marked the occasion.

* * *

On Saturday Marilyn hosted a birthday party for Mark—luncheon with cake and ice cream made for a merry afternoon for Mark and his guests. Chic Crow, Mike Molhagen, Mike Roberts, Mike Plunkett, Billy Mandeville, Kedall Cromwell, Jackie Faber, Lisa Kisiluk, Valerie Carmona, Susie Hollerbeck, Tam Florence, Heide Kuckhoff and brothers, shared the day with Mark.

* * *

Beverly Newell, former Kings resident, is now residing in Sacramento with son, Allan. She is working for an architect and enjoying her new location.

* * *

Sandi (Olson) and William Flynn, Jr., observed their first wedding anniversary on October 2nd. At present they are in South Carolina where he is stationed with the army. Sandi is the daughter if LaZelle (Marley) Miller and a graduate of Tahoe Truckee High and a former Tahoe Vistan.

* * *

Bill and Gwen Harling of Kings Beach spent a week's vacation in San Francisco.

* * *

Velda Farris of Incline Village returned home Monday from St. Mary's Hospital where she underwent surgery. Big surprise on arrival home was a color TV, gift of husband Jack, which will no doubt prolong her recuperation!

The Farrises daughter and family, Sandy and George Pergin and daughter, Gina, of Riverside are spending the week and helping with household duties.

Gina observed her fourth birthday on September 23rd.

* * *

Dick and Ruth Lavery of Crystal Bay observed their wedding aniversary on September 27th. What? They have no plans for any immediate trip!

* * *

Home to Incline Village after hospitalization at St. Mary's Hospital in Reno is Jack Scott. Jack is recuperating this week and anticipates a return to work next week.

* * *

Recuperating from exploratory and corrective surgery at Washoe Medical Center is Mae Critchley of Tahoe Vista. Mae reported considerable damage to the grocery store at Tahoe Vista during the earthquake which jolted everyone and everything. It always seems strange that reaction to an earthquake is shock and helplessness, perhaps fear that it may be worse is the cause.

* * *

Jean Montgomery and Gary Nelson of Incline Village have joined the staff of the Crystal Bay Development Company.

* * *

Iva Montgomery of Incline Village visited daughter and son in law Helen and Cecil Bostwick at Walnut Creek this past week.

* * *

Gary Wood spent the weekend at Incline Village with father and wife, Art and Gwen Wood, from Hastings Law School.

* * *

Carl and Betty Moran were weekend visitors from Trona to John and Jerry Rayburn at Incline Beach.

Our sympathy to the family of Winona Hall of Kings Beach who passed away September 28th in in Sacramento following heart surgery. W. D. Hall, husband, Minnie Connelly, sister and sons, Ray Martin of Sacramento and Paul Martin of San Diego survive.

* * *

Benny Ferrari, son of Ben and Nora Ferrari of Kings Beach, enrolled at Santa Clara where he is a student. He attended the University of Nevada last year and is a graduate of Tahoe Truckee High.

* * *

The Women's Club of the North Shore met Monday at the North Shore Club. Louise Walter of Kings Beach was elected as president for the remainder of the term of office of Dorothy Gilmore who moved to Santa Barbara. Bernice Mohnike vice president, and Iva Montgomery finish out the terms of office until election the first of the year.

Phil and Pat Edwards of Tahoe Vista celebrated their seventh wedding anniversary on October 3rd. Lyle and Adeline Gunkel are Pat's parents and longtime residents of Tahoe Vista.

* * *

The Fire Sirens will meet Thursday October 13th according to president Caroline Johannes. Cards will be sent out announcing the meeting place. New members are welcome and may phone Caroline regarding joining the group. The Firemen's Ball sponsored by the Fire Sirens was a huge success and the group is to be commended on the work contributed to this annual affair.

Ryland Goodspeed of Crystal Bay was a Fresno visitor this past week on business.

Class Activities In School

KINGS BEACH SCHOOL

3rd. Grade, Mrs. Thomas — Jeff Stender was our birthday boy this week. We were sorry to say goodbye to Brian Batchelor but we welcomed Rodney Carroll to our class.

Gorden Bitler, Sean Colgan, Donald Koepp, Gary Rueckheim, Jeff Stender, Rodney Carroll, Anne Marie Allen, Dawn Brown, Jenny Glauner, Diana Head, Kim Kornazewich, Susan Luescher, Lynn McWilliams, Karen Proper, and Elette Stelle all got A's in spelling.

5th & 6th Grade, Mrs. Ferrari — On our social studies test on Unit 1 the following had perfect grades: Teresa Ferrari, Linda Kael, Billy Larson and John McDown.

Teresa Ferrari had the best score on our health and science test.

Mike Hiatt and Scott Stewart wrote excellent short stories and read them to the class.

John McDown is moving to Sacramento. We shall miss him.

6th Grade, Mrs. Schultz — Math. — The best results on our test were made by Debbie Sipes and Chuck McDown. Others receiving A's were Mike Kornazewich, Lee rentz, Mark Price, Jeff Molsberry, Debbie Fellows, David Ferrari, and Tim Taylor.

Spelling — Blythe Cheeseman and Debbie Sipes had perfect papers. Mitch Frazier has shown the greatest improvement.

Reading — Receiving A's on their first book report were Dorothy McDonald, Debbie Sipes, Suzanne Thompson, David Ferrari, Mark Price and Jimmy Rueckheim.

TEACHERS OBSERVATIONS

Miss Walter, 3rd Grade — Math Class — Discussed with class place value and then had children demonstrate by working problems on blackboard. Same procedure was used in explaining expanded notation. Class was attentive, eager, and well mannered.

Miss Longinotti, 6th Grade English — Class was attentive and well mannered. Jeane was helping students check their homework on nouns. Everything was going very smoothly. Called to office — two gentlemen to see me.

Mr. Small, Advanced Band — Children were learning new piece, Cha-Cha Concerto. Used sarcastic humor to get point over. Children enjoy it — are doing very well.

TAHOE LAKE SCHOOL

Kindergarten, Mrs. Henke—Very good block building was done by Jon Gates, Joe Ormsby, Patricia Nott and Michael Bixby.

Best paintings were by Barbara Cushman and Chad Hewett.

First Grade, Miss Bean — the following list of first graders are the best in their class this week because they did the neatest work, following directions on numbers, color, and board assignment papers: Diana Nored, Dean Austin, Ann Marie Brolund, Katherine Stollery, Mike Mariana, Kalena Dixon and John Ormsby.

Dean Austin was the best printer this week.

First Grade, Mrs. Carter — The following people got 100 percent on their first vocabulary test: Mathew Hanson, Gayle Swan, Karen Dwyer, Craig Hodgkins, Craig Purcell, Patrick McIntyre, Nicola Nicholas, Shelly Bailey.

The best printing papers were done by Timothy Smeltzer, Kathleen Willey and Craig Hodgkins.

Other star color and number papers were done by William Haas, Pamela Bundren, Craig Hodgkins, Kathleen Willey, Diane Latour, Timothy Smeltzer, Shelly Bailey, Nicola Nicholas, Brett Nilsson, Gayle Swan, Karen Dwyer, Susan Grigoleit, and Christine Baker.

Third Grade, Mrs. Nance - Long — The officers for October are President, Tim Hauserman; Vice president, Mandy Ballenger; Team Captains, John Skerry and Helene Haas; Hostess, Patty O'Grady and Host, Kjell Henrikson.

Those receiving 100 per cent in spelling were Mandy Ballenger, Patty O'Grady, Jerome Barulich, Lorene Davis, Tim Hauserman, Chris Hodgkins, Jennifer Nichols, Lynda Prouty, Darlene Anderson, Melanie Clark, Brad Sutton and Jeff Williams.

After working hard on our map unit and making excellent map booklets I thought the class really knew their geography. Was I in for a surprise! I discovered when I graded the final tests, that a few students think our country is in South America, in the Eastern Hemisphere and one child even decided we lived on the planet Mars. (Maybe those "Flying Saucers" are having some effect.) The best grade on the test was made by Kurt Boyer. Others doing well were Mike Allen, Bill Alrich, Meredee Baker, Henry Barwin, Kenny Gonzales, Tracy Hall, Connie Pendleton and Tim Peterson.

Our class lost its second team ball game to Mrs. Diurni's class in spite of a valiant effort by Pete Johnson.

We were sorry to lose Barbara Orr and Mary Puisis today. Hope you move back again, girls.

TRUCKEE ELEMENTARY

First Grade, Mrs. Stein — The following children in Mrs. Stein's first grade class have completed their first pre-primer story book My Little Red Storybook: Rodney Davis, Mark Dent, Tommy Jones, Walter Kalb, Bobby Raber, Joel Short, Chuck Souers, Doug Zirbel, Traci Bue, Jane Fish, Natasha Lowrie, Kathleen Mohla, Gigi Theos, Theresa Tonini, Julie Welch, Ellen Wilkins.

How much safety do you want for your money?

Financial safety comes in all shapes and sizes. There are safe investments and risky investments—and ones that are in between. Depending upon how much risk you want to take, your money can be invested in a variety of ways.

Your savings, however, are another thing. This is money you do not want to *risk*—no matter how safe the investment appears. This is money you want to be able to count on at all times and under all conditions. And when you want your money that safe and that available—*you want it in the bank.*

A 25th Anniversary Salute

to the 500,000 star-spangled Americans who work for this country's security without pay

The U. S. Treasury Department sells about $4½ billion worth of Savings Bonds every year.

Yet no one ever tries to sell you Bonds on the phone.

Though you rarely see them, there are about ½ million patriotic Americans who will help you buy Bonds. Have been, since the first Series E Savings Bond was issued 25 years ago.

Your banker, for instance. He'll give you folders and facts, issue your Bonds, make certain they're properly registered, cash them when the time comes.

Your employer and thousands of other employers who have set up the Payroll Savings Plan are also on the team. So are the officials of your union who have endorsed Bonds.

There are many others. Like your neighbor, the advertising man, and the radio, TV, poster, magazine and newspaper people he works with.

All of these volunteers work for the Bond program without pay.

You can do your part, too. Buy U. S. Savings Bonds.

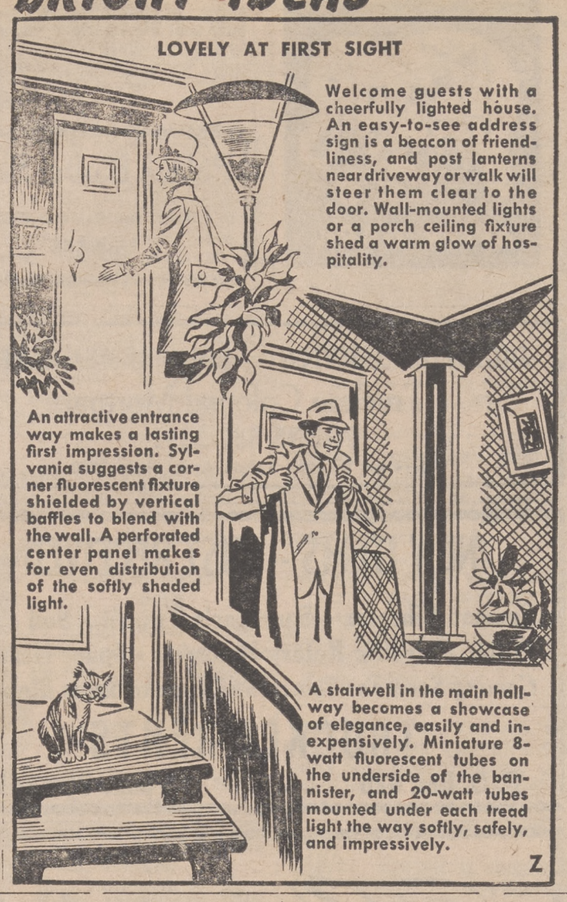
BRIGHT IDEAS

LOVELY AT FIRST SIGHT



Welcome guests with a cheerfully lighted house. An easy-to-see address sign is a beacon of friendliness, and post lanterns near driveway or walk will steer them clear to the door. Wall-mounted lights or a porch ceiling fixture shed a warm glow of hospitality.

An attractive entrance way makes a lasting first impression. Sylvania suggests a corner fluorescent fixture shielded by vertical baffles to blend with the wall. A perforated center panel makes for even distribution of the softly shaded light.

A stairwell in the main hallway becomes a showcase of elegance, easily and inexpensively. Miniature 8-watt fluorescent tubes on the underside of the bannister, and 20-watt tubes mounted under each tread light the way softly, safely, and impressively.

Z

Woodrow Wilson was the first President to appoint a woman as a sub-cabinet member when in 1920 he appointed Annette Abbott Adams an assistant attorney general.

A PENNY SAVED

is a good idea. But it takes more than pennies to prepare for your future needs—like an education for the children or worry-free retirement for you and your wife. California Divison of Highways Ready For Winter Snow Removal Problems

Major snows may still be weeks away but when they do strike the California Division of Highways will have men and equipment on mountain passes and in foothills keeping the highways open.

The division is already geared for another bout with snow. Specialty equipment ranging all the way from simple push plows to sophisticated rotary Sno-gos — capable of throwing snow off the highways at the rate of 2,200-tons an hour — have been serviced and will soon be hauled to strategically located maintenance stations.

New sand and salt bunkers have been built or relocated to provide faster and more efficient service.

Several hundred crewmen, hired especially for snow removal, will take up residence in dormitories built along the mountain highways, to work around-the-clock shifts if necessary, to keep the roads unclogged and open to traffic.

In California about 2,740 miles of state highway lie in the snow belt and this includes Interstate 5, 8, 15 and 80. Crews working under hazardous and sometimes extreme weather conditions are assigned to these and other highways.

In District 3, which covers an 11-county area in the Sacramento valley and Sierra mountain regions, there are 235 miles of Routes I-80, U.S. 50 and State Route 49 in the snow belt and the annual cost of snow removal on them is $1.9 million. This district, headquartered in Marysville, has more snow removal responsibility than any other district in the state for it includes two major transcontinental routes.

Snow removal operations, including the salaries of winter-time crews, totals about $4.9 million for the entire state.

Drivers familiar with snow country driving in California have come to know that there are certain locations where it is often necessary to put on or take off chains. These designated points are generally at the base of long grades where wide shoulders or extra lanes can accommodate parked vehicles without undue hazards.

Names such as "Baxter", "Carpenter's Flat", "Kingvale" and "Kyburz" will be repeated over and over again on radio, television and in the press this winter as control points beyond which chains will be required.

When a chain control point is set up an orange division of highways truck with blinking red lights and a "Stop" sign will be stationed there. A crewman will check each vehicle for chains and motorists will have the option of applying them in the safety area or turning around and going back.

Drivers are advised to carry chains and plenty of fuel into the mountains and to be prepared for delays.

Winter winds on the summit of the Sierra sometimes reach a velocity of 90 miles an hour and reduce visibility to zero. When this happens, mountain routes must be closed temporarily.

While the delays may not be long, they are interposed for a purpose and that is fulfillment of the division of highways' major responsibility to the traveling public — safety.

MICKEY TURNER SHOW AT LODGE

CRYSTAL BAY — This is the final weekend at North Lake Tahoe's Nevada Lodge for the lively Mickey Turner Show, featuring pert songstress Iris Martine. Backed by piano, drums, bass, and trombone, Mickey and Iris deliver sparkling vocal renditions of standard and contemporary hits.

The Mickey Turner Show has appeared nightly for three weeks in Nevada Lodge's Topaz Room, showing once more why they are established favorites on the Reno-Tahoe-Las Vegags circuit.

Taking over the spotlight on Wednesday is the popular Jimmy Nuzzo Show — five guys and a gal, who put together a fast-paced music and comedy performance that has charmed audiences throughout the West.

Also on the Nevada Lodge bill are the Guadalajara Boys, the three man Latin combo whose dynamic vocals and instrumentals made them 12-year favorites at Palm Springs' famous Doll House. Their colorful costumes, pulsating rhythms and brilliant singing provide a dramatic contrast to the modern stylings of the Jimmy Nuzzo Show.

REAL MEAL . . . Kenneth Murdy, Pittsburg, Pa., took a summer vacation in Australia, where it was winter. Near Melbourne, a spear gun helped him land a huge fish that looks good enough to eat.

IT'S A FACT!

The heroic knights of yore are traced back more than 1000 years, and were popularized by the legends of King Arthur's Court. Today, there are more "Knights" in the U.S. than anywhere else in the world. The Knights of Pythias and Knights of Columbus have 2 million members!
It's a little known fact that women, too, are Knighted. The women so honored—like ballerina Margot Fonteyn and actress Flora Robson—gain the coveted title of "Dame" after being "dubbed."
America's most recognizable Knight, by far, is the Ajax White Knight, who is now in search of a name in the nation's most lavish contest ever: the Name-The-White Knight contest. Free entry blanks are available at local supermarkets.

Action Delayed On Assessment Dist.

NEVADA CITY — Donner Lake Assessment District's street and drainage proposal wound in and about the Tuesday meeting of the Board of Supervisors through the morning and afternoon and will continue for at least another session, scheduled for 10 a.m. Oct. 18.

This is necessary because Robert Hill of Wilson, Jones, Morton and Lynch, representing the district, insisted that all written protests to district assessments, following the spread of costs, be read before the board and the supervisors make the decision of whether they are to be changed or sustained.

In the morning Charlotte Harris of Donner Lake protested the manner in which the assessments were levied for her property in relation to others. In the afternoon several of the written protests were read. When another file appeared containing many protests, it was agreed by Hill and County Counsel Leo Todd that in the interest of reducing many hours of reading and discussion, that copies of all protests would be supplied supervisors, who would be thus prepared to come to decisions Oct. 18.

Hill did file a copy of a letter from Teichert and Son, Sparks, Nevada, in which the contracting firm agreed to hold their submitted low bid open until April 15, 1967, when it is hoped that financing for the $800,000 streets and storm drainage improvements can be financed through the sale of bonds.

would be empounded and later destroyed for $1 and those bothered by such an animal may call Craig at the County Government Building for details.

40 LICENSES

Craig said that during the past two weeks, or since the announcement was made that the dog catcher would be here, more than 40 licenses and rabies tags have been issued by his office indicating the desire of owners to keep their pets legal.

Once a dog is in custody, he is held for seven days and if unclaimed is destroyed. Owners may claim their pets by paying $2 plus the $2 for male dog license and $4 for females. A fee of 25 cents a day is charged for their board bill.

Anyone desiring a dog which has been empounded but which is not theirs may have one by paying $3 plus the required license and board bill.

That the one captured dog was a pet was indicated when the big fellow greeted anyone looking into his cage with a friendly look and banged his wagging tail against the floor of the truck but made no effort to escape.

Lynette Brixey Weds Carl Park Bechdolt

TAHOE CITY — Lynette Crump Brixey became the bride of Carl Park Bechdolt at a double ring ceremony held last Suatrday afternoon at the Corpus Christi Church in Tahoe City. Officiating at the ceremony was Father Brennan of Folsom.

The bride is the daughter of Mr. and Mrs. John Milton Crump of Arvin while the groom is the eldest son of Mr. and Mrs. Carl Bechdolt, Jr., a pioneer Tahoe family.

Members of the wedding party were Joyce Crump of Bakersfield as matron of honor, Stacy Brixey, daughter of the bride as flower girl, Michael Brixey, son of the bride as ring bearer, Danny Conners, cousin of the groom as best man, and Doug Baxter, Tony Fender, Billy Conners, Jr., and Bill Bate as ushers. The bride was given in marriage by her father, John Crump.

The bride was beautifully attired in a two piece ensemble of mint green brocade with a matching headpiece and she carried a bouquet of white roses while the matron of honor wore a pink two piece outfit of brocade. The groom's mother wore a becoming outfit of olive green and the bride's mother wore a suit of lime green.

The young couple were feted at a reception which was held immediately after the ceremony at the club house of the Tahoe City Golf Course. Bill Bechdolt was host at the buffet, Carl Bechdolt at the champagne bar, while Mindy Bechdolt was in charge of the bridal book and Mrs. Angie Bonino cut the wedding cake.

The new Mr. and Mrs. Bechdolt are making their home at Tahoe Tavern Heights.

Leake

ing and the public is losing confidence in the administration of justice, Leake told his listeners.

"It is inconceivable," Leake declared, "that the higher court's exacting pronouncements are deliberately calculated to impede law enforcement. Unfortunately, they have had that effect. Enforcement officers, instead of the criminals, are tied down with Oregon boots and handcuffs."

Under a late ruling, even a person captured running with a smoking pistol from the scene of a murder may not be questioned without his consent, Leake told the Rotarians.

"The folly of the court's inane reasoning was shown by the 1965 F.B.I. report that three out of four criminal offenders are repeaters who know their constitutional rights as well as any lawyer," Leake declared.

"As for confessions," Leake said, "they are considered almost as outmoded as bustles and high-buttoned shoes because of the narrow rulings of the court as to their validity and acceptance as evidence. The California Supreme Court has just expressed the doctrine in the Aranda case that the confession of one defendant cannot be used unless it is harmless to the co-defendant who refuses to talk. It dismays prosecutors to realize that the day is near when the Supreme Court will bar all confessions."

"Mobs openly boast when and where they will and will not destroy property," Leake declared. "The authorities must not speak up but wait for the depredation and mayhem. But who's protecting society? In 1965, 83 officers were killed in line of duty, 53 were slain.

"The hearts of our higher court justices are bleeding for the poor things but the rights of society continue to be mauled. Yet, they call this justice!"

"The question arises," the speaker declared, "are California and the other states to become administrative puppets of the Supreme Court and Congress? What we are witnessing in living color on the political screen is the abolition of states' rights and the tuning off of the people's voice in their own government."

A sterile cow, often one of twin calves of unlike sex, is called a "freemartin".

Geddes Addresses Tahoe Chamber

TAHOE CITY — Blair Geddes, safety engineer of District 3, Division of Highways, spoke to the board of directors of the North Lake Tahoe Chamber of Commerce at a luncheon meeting held at the Swiss Lakewood Lodge in Homewood, September 28.

He explained various matters concerning traffic and safety in the North Lake Tahoe-Truckee area. Foremost in his presentation was the matter of the highway signs on Interstate 80 identifying the turnoffs to Tahoe City and Kings Beach. It has been the concern of this area that the word "South" above the shield, Highway 89, should be deleted when used in conjunction with Lake Tahoe. Since this could confuse the public into believing that the road leads directly to south Lake Tahoe.

Geddes explained that the north and south designations must be used for all state highways that cross an east-west interstate highway.

He further explained that the interstate regulations do not permit designation of two routes to the same locality. At the present, westbound traffic is guided by the sign, "North Shore Lake Tahoe" and secondly by the sign "Lake Tahoe".

It is the feeling of the chamber that the public should be directed to more specific locations such as "Kings Beach" and "Tahoe City". The chamber agreed to review this matter further and submit their recommendations.

Geddes commented on the future plans for the Tahoe City "Y" so as to accommodate the anticipated heav traffic of the future. Eventually a "T" designed intersection will be required with a signal light, and the present bridge across the Truckee River will have to be increased to four lanes.

Snow removal in Tahoe Vista was discussed and it was stated that a bigger effort would be made to remove snow from the middle of the highway so that resorts would have easier accessibility.

RECUPERATING AFTER ILLNESS

Friends here of Virginia Paddock will be pleased to learn that she is recuperating at her home, following an illness of more than two months, during that time she was hospitalized twice.

Mr. and Mrs. Richard Paddock and family are now living at Pinole, after residing in Truckee for several years.

In City —

Mrs. Mary Koehler wrote that she attended a ball game at San Francisco. While there the visitor encountered Mrs. L. B. Johnson, wife of the president of the United States while riding a cable car. A concluding event of the trip was going to Bay Meadows to watch her uncle's horse in a race.

LAKE LEVEL

Lake Tahoe level at Tahoe City was 6226.28 on Wednesday with 330 cf per second leaving the gate according to Daryl DeWalt's office. October 1 registered a warm autumn high temperature at 74 degrees, followed by the low for the week at 32 degrees on October 5.

Philbrick To Speak At Executives Meet

Herbert Philbrick

Herbert Philbrick, the man who forsook family, friends and fortune, to risk his life against the Commies underground as a counter spy and, who came up with startling information for the United States Government, will be the guest speaker of members of the Reno Executive Club at its meeting Tuesday evening, Oct. 11 at the Elk's Club.

So dramatic was his real story that a series of television shows were patterned after it a few years ago. The series, however, as Philbrick himself voluntarily admits were "exaggerated" in some instances.

Now in business in Rye, New Hampshire, Philbrick continues to fight the battle against communism. In the past years he has written documentary articles, made many movie shorts, and traveled the nation telling the story of the commies attempted infiltration of our way of life.

DAISY FOOTE FETED AT FAMILY AFFAIR

Mrs. Daisy Foote was the honored guest at a birthday party planned and executed by members of her family recently when a dinner was held at the Pagoda. Among the participants were her daughter, Bessie, who was home, Carol White and her daughter, Stella, Mrs. Foote's son in law, David Davis and son, Eddie and friends, James Barner and Ron Garfield. Another daughter, Peggy Davis of Fairfield was prevented from attending because of illness in her family.

Mrs. Foote received telephone calls from her sisters, Marie and Ethel in Oklahoma and from her 84 year old father, John Wagoner of Crescent, Oklahoma.

TRAVELER IN EUROPE

Mrs. Tula Bergman has taken a leave of absence from her position and is a visitor to her family home in Norway, continuing to tour interesting places in a number of European countries before returning to Truckee. Mrs. Bergman is employed at the California Highway Patrol office here.
